

Attend a free hands-on workshop on Microsoft Azure and learn data science and cloud tools.

Date:

October 5, 2017

Time:

9:30 AM - 5:00 PM (Registration begins at 9:00 AM)

Location:

University of Nebraska at Omaha
Building Peter Kiewit Institute, Room PKI 158
1110 S 67th Street
Omaha, NE 68182

The workshop will familiarize researchers and data scientists with Big Data Storage, Machine Learning and Advanced Analytics, Cognitive Intelligence, and Azure Compute. Instruction is hands-on. Participants will spend most of the day working on proctored labs.

Each attendee will receive an Azure Pass with a \$500 Azure credit that can be used up to one month after the workshop.

Who should attend?

Faculty, researchers, and students engaged in research with heavy use of data, and attendees of the Midwest Big Data Hub All-Hands meeting.

This event is co-hosted by Microsoft Research, the University of Nebraska at Omaha, and the Midwest Big Data Hub.
