MIDWEST BIG DATA HUB

Data Science Student Groups webinar series

January 2021

Helen Yang

Columbia University

COVID Information Commons Student Paper Challenge

Series overview

Goal: Build a community of student-led data science organizations

- Student groups share and discuss their experiences, activities, structures, and goals
- Contact the Hub if you are a student group leader or faculty advisor and would like to participate: info@midwestbigdatahub.org
- Join our new Slack community: https://bit.ly/3igvGPg
- Presentation archive: https://midwestbigdatahub.org/student-webinar-series/
