

Data Science Student Groups webinar series

April 7, 2023

MOST Policy Initiative

Four Hubs, One Mission

What We Do

Engage communities, share resources, and build partnerships that harness data science to address societal and scientific challenges.

Series overview

Goals: Build a community of student-led data science organizations, and introduce students to data science opportunities

- Student groups share and discuss their experiences, activities, structures, and goals
- Contact the Hub if you are a student group leader or faculty advisor and would like to participate: info@midwestbigdatahub.org
- Join our new Slack community: bit.ly/MBDhdssg
- Presentation archive: midwestbigdatahub.org/student-webinar-series/
